

Practical conservation work parties

January - March 2024

Worcestershire
Wildlife Trust

Practical conservation volunteers spend their time helping us on our nature reserves.

It is an active role, great for keeping fit and a great way to socialise.

Our roving group meets twice a week and helps to manage sites all over the county.

Alternatively, you can stick to one reserve and see it change through the seasons.

For any of our practical conservation groups you need to wear: fieldwork/gardening clothes, sturdy boots or wellingtons and gardening gloves. Waterproofs are also recommended.

You will need to bring lunch and refreshments for yourself. Please bear in mind there are no facilities on our reserves.

Roving group tasks: January - March

Date	Reserve	Task	Leader
Thursday 4th Jan	The Devil's Spittleful	Scrub management	AH
Tuesday 9th	Trench Wood	Scrub management	TW
Thursday 11th	Ryefields Meadow	Scrub management	TH

Work parties on nature reserves

Reserve work parties are a great way to look after wildlife local to you.

We have nature reserves across the county and many of them have a work party to help us maintain them on tasks such as coppicing, pond clearance, scrub management, fencing and invasive species removal.

The groups are friendly, sociable and a great way of keeping fit.

Please get in touch at volunteer@worcestershireswildlifetrust.org or contact the reserve party leader. Please email the leader before attending for the first time to ensure you get full information.

Parties marked ** are currently full or not meeting. Please contact the leader for more details.

WEEKEND	RESERVE	CONTACT / LEADER	LOCATION (nearest village/	WHEN
Last Saturday of the month	Hill Court Farm 10.30-3pm	Sara Burton 07932 084016 wildmoonsara@gmail.com	Longdon GL20 6BD	All year
